About the NYC Junior Golf Club

The NYC Junior Golf Club was established in 1997 for the purpose of providing New York City juniors with an opportunity to learn important skills and values, such as self esteem, self confidence, sportsmanship, tolerance, cooperation, responsibility, and unity through the sport of golf and all of the club's activities. Our club contains all levels of players from beginners to experienced. We will continue on course clinics for our more experienced players. They will have the opportunity to go on the course with a pro and play nine holes, so they can develop course management. Flights C & D, new members and Peewees will have instructional clinics at Staten Island Golf Center and Latourette Golf Course. We will continue a clinic schedule during the summer for our non-experienced peewees and Flight D(beginners 9 years and older). Flight D will be given additional instructions four times during the summer, and on alternate weeks they will be playing on the golf course. The beginner peewees will have 6 clinics during the summer and have the opportunity to use those skills twice on course TBD. Members of the players club have the opportunity to play 8 weeks during the summer. The golf courses we will be playing at are Silver Lake, South Shore, LaTourette, Dyker Beach and Marine Park in Brooklyn. Our Corporate Officers and Board of Directors are community minded citizens who bring various skills and a tremendous wealth of experience to our members. Our programs and events offer each child an environment to enhance their golf skills and personal growth. The Club would not be possible without our sponsors: American Golf Corporation, Jeremiah D'Anna, D.D.S, Staten Island District Attorney Daniel Donovan, Councilman Kenneth Mitchell, North Central Kiwanis of Staten Island and Silver Lake Golf Course. Thanks to their generous donations, the NYC Junior Golf Club can afford to provide its members with the finest in instructional clinics and competitive tournaments. We also would not be able to have all these children on the golf course without the help of parents. We therefore ask parents to marshal three times during the course of the Players Club or opt for the \$125 buy-out.
